

To Whom It May Concern at the FCC,

I am petitioning a waiver for late submission of the FCC Form 471 on behalf of the Grauer School (BEN: 16070919) for the Schools and Libraries Program. This is important for our organization to receive partial funding for internet services.

Form 471 was not submitted on time due to an oversight during the transfer of job responsibilities between outgoing and incoming employee in the Technology Coordinator position of our school. The outgoing Tech Coordinator did not explicitly notify the incoming Tech Coordinator of the impending due date during the late-April to early-May period when the job transfer was taking place.

We submitted the form (#181042946) late on May 31 for funding year 2018, but we need a waiver to allow us to submit the form a few weeks late. If there is any extra information you need from us, please let me know. Thank you.

Sincerely,
David Castro
Technology Specialist
The Grauer School
